

HOUSE SUMMARY OF SENATE AMENDMENTS

House Bill No. 334 by Representative Leger

GAMING/REVENUE: Provides relative to the casino support services contract

Synopsis of Senate Amendments

- Restores present law relative to the Joint Legislative Committee on the Budget (JLCB) review of the casino support services contract.
- Adds provision that if JLCB disapproves or does not act on the contract, the treasurer shall not deposit any monies into the fund.
- Deletes the requirement directing the treasurer to deposit at the beginning of the fiscal year an amount equal to the most recent contract approved by JLCB from the gaming casino operations.
- Restores present law requiring the deposit of 10% into the SELF Fund.
- Provides that except in a year when JLCB disapproves or does not act on the contract amount and no monies are deposited, net revenues are used to fund the Casino Support Services Fund after the first ten percent is used for the SELF Fund to the extent of the most recently approved support services contract approved by JLCB.

Digest of Bill as Finally Passed by Senate

Present law provides that the gaming control board and the parish governing authority shall enter into a casino support services contract to compensate the governing authority for support services resulting from operation of the land-based casino. Requires approval of the Joint Legislative Committee on the Budget (JLCB). If a new contract is not agreed to by March 31, the contract currently in effect shall remain in full force and effect. If the JLCB approves the contract, it shall remain in full force and effect.

Proposed law retains present law.

Present law provides that if the JLCB disapproves or does not act upon the amount of the contract, it shall be nullified.

Proposed law retains present law and adds provision that if JLCB disapproves or does not act upon the amount of the contract, the treasurer shall not deposit any monies into the Casino Support Services Fund which proposed law establishes as a special treasury fund to provide compensation to the parish governing authority pursuant to a casino support services contract.

Proposed law provides that monies in the fund shall be appropriated to the parish governing authority and used to compensate the parish on a quarterly basis for the cost to the parish of providing support services resulting from the operation of the official gaming establishment and the activities therein.

Present law provides that, of net revenues received from the land-based casino, up to \$500,000 shall be deposited into the Compulsive and Problem Gaming Fund. Provides that the remainder of net revenues to be deposited to the state treasury shall be deposited as follows:

- (1) 10% shall be deposited in and credited to the Support Education in La. First (SELF) Fund, to be used to provide the increase in salary of certain public pre-K through 12th grade certificated personnel and other public pre-K through 12th grade classroom teachers as provided in present law.
- (2) 90% to the SELF Fund.

Proposed law retains present law requiring the deposit of 10% into the SELF Fund.

Proposed law provides that except in a year when the JLCB disapproves or does not act upon the contract amount and after the requirements of the 10% are satisfied, all net revenues shall be deposited into the Casino Support Services Fund, not to exceed the amount required to fully fund the casino support services contract most recently approved by the JLCB.

Further provides that any net revenues remaining after satisfying the above requirements shall be deposited into the SELF Fund.

Present law established the SELF Fund. Provides that certain riverboat gaming franchise fees and casino net revenues shall be used and expended solely as follows:

- (1) 70% percent of the monies in the fund shall be used to provide an increase in the salary of certain pre-K through 12th grade certificated personnel and for other public pre-kindergarten through 12th grade classroom teachers in FY 2001-2002 and annually to support such increase.
- (2) 30% of the monies in the fund shall be used to provide public postsecondary education faculty salary increases, including related benefits, to be distributed in accordance with a plan developed jointly by the Board of Regents and the division of administration in FY 2001-2002 and annually to support such increase.

Proposed law retains present law.

Effective upon signature of governor or lapse of time for gubernatorial action.

(Amends R.S. 27:247 and 270(A)(3)(a))
